

Red River 38th Annual Memorial Weekend Motorcycle Rally Update

April 16, 2020

For Immediate Release:

Red River, New Mexico--The Town of Red River has been closely monitoring the COVID-19 pandemic. The Town Council conducted a special meeting on Thursday, April 16, 2020 to address the issues of keeping our locals and visitors safe and healthy from the effects of this pandemic during our 38th Annual Memorial Weekend Motorcycle rally. The Town of Red River is committed to playing a constructive role to limit the spread of this virus and limit any extra burdens to our healthcare system. With the Governor's Stay-at-Home order extending through April 30, 2020 and since the timeline of how long this will last, remains uncertain. The Red River Town Council voted to not allow vendors and will not issue itinerant permits for the 2020 Memorial Weekend Motorcycle Rally.

The town will be extending full refunds to all vendors that have paid to reserve their booth spaces in Brandenburg Park. We hope that our beautiful little community will be opened by the end of May. But with so much uncertainty as to the timeline of this global crisis we feel this is best for the community and our residents.
