ROLL:  Kelly Cherry  
Daniel Lamb  
Jack Griffin  
Ron Burnham  

DEPARTMENT REPORTS:  

Court:  
Jack reported that the NM Supreme Court has made a lot of changes to 17 court rules in the last 2 months. The most significant that will affect us is that we will need to have a community service program in place. He will have to develop a plan. It can be assigned to a town department or non-profit organization.  

EMS:  
Ron reported for Dina that the department has 3 students nearing completion of the EMT Intermediate course. Madison Coss in June and Chase Ingram and Tracy Poffenroth in late summer. They are still looking for a Paramedic with the right fit. Most of our people live out of town and work the day shift, which leaves a shortage after hours.  
Attached is a chart that shows winter call volume down. Most of that is 911 calls, transfers have held steady.  
All equipment is in good shape.  

Fire Department:  

Ron reported that inspections are behind be about 11%, mainly because James has been on EMS duty a lot.  
Stage 1 fire restrictions are in place now in the Carson Forrest. Live fuel moisture in a normal year at this time is 110%, this year it is at 75%. We have moved to the high risk response with the 29 point value. At 32 points restrictions will go in place. The department has already suspended burn permits.  

Meeting Adjourned,  

Respectfully Submitted,  
George Woerndle
Red River Public Safety Committee

TOWN OF RED RIVER
PUBLIC WORKS & RECYCLING COMMITTEE
HIGH STREET FIRE STATION
MAY 8, 2018
TUESDAY
5:00 P.M.

AGENDA

1. CALL TO ORDER
2. ROLL CALL
   • Richard Brown, Gary, Joe, Ake
3. PUBLIC WORKS UPDATE
   • Memorial Day preparations. Electrical in the park completed. Painting the stripes. Jetting sewer lines.
4. RECYCLING UPDATE
   • Cardboard only at this time.
5. UPDATE STORM DRAIN PROJECT (RUSSELL)
   • 55% complete. Hope to be complete by Memorial Day. If not they will cover any holes for safety.
6. UPDATE STORAGE TANK IMPROVEMENT PROJECT (RUSSELL)
   • The town is negotiating with contractors. Looking to rehab the hatch tank instead of replacing it to save on cost. Hoping to complete the new storage tank and booster pump station 2018. Pioneer rehab will not happen until 2019 due to time constraints.
7. UPDATE WASTEWATER TREATMENT PLANT PROJECT (RUSSELL)
   • Only one contractor bid on this project. We rejected the bid due to experience. Looking to reopen the bid process to find more qualified contractors for this project.
8. UPDATE GAS LINE (RUSSELL)
   • Awarded to "Top Out Plumbing" work is in progress. 10 days to complete the project.
