

Update from the Town of Red River

The Governor has requested voluntary closure of all New Mexico ski areas. Red River Ski and Summer Area today took the proactive step to close for the remainder of the 2019-2020 ski season effective 4:00 pm today, to help prevent COVID-19 spread.

We know this will affect our local businesses and our guests that had planned to spend their spring break with us. We are working with all our businesses to keep updated hours of operations and any closures. Our number one priority is the health and safety of our community and our guests. We are requesting our travelers to consider postponing any current travel plans to Red River at this time. We understand the hardship this is putting on businesses and guests, but for everyone's safety, we need to be respectful of current restrictions in place. Please be considerate of this fluid situation and we will do our best to keep everyone updated. Red River is a strong community and we will weather this storm together. Be kind, be safe and wash your hands.

Linda Calhoun

Mayor
